

# TUBULAR DEADBOLT - HEAVY DUTY - THUMBTURN

A deadbolt is to be used with any of our thumbturns and is widely used on bathroom doors and in conjunction with a door knob set. Shown here with the Diamond Thumbturn (displayed below to be a square) - Pewter Patina - 18336.

## Thumbturn

Typically used on a bathroom door to provide privacy by way of the turn on the inside but also can be opened in emergency from the outside via a slot on the back of the turn.

## Thumbturn Spindle

A standard 5mm spindle for use solely with thumbturns (all our thumbturns come supplied with either fixed or loose 5mm spindles).

## Wood Screw Fixings

Supplied with matching wood screw fixings.

## Heavy Duty Tubular Deadbolt

Specifically designed to be used with our thumbturns and paired with a knob set and latch to make into a functioning door set. Mortised into the door and screw fixed in.

## Receiver Plate

Fitted to the frame of the door and screw fixed in.
